Hi Larry,
As per our conversation yesterday, could you please help with the following things for the airplane:
1. Find out if we can keep dental anesthetics on board, which would include: metal syringe, carpules of anesthetics(articaine with epinephrine, lidocaine with epinephrine, mepivocaine) and needles.
2. Please have someone make drawer inserts for the white porcelain set of cups and saucers.
3. Give Mr. Epstein's clothes, that we left out, to the laundry service and have them iron the shirts as well please.

P.S. We will be leaving the laundry items in a drawer that is marked "laundry" (in the kitchen) if that is convenient?

Thanks a lot!

Karyna.
