Subject: cleaning of the girls apartments...

Morning [REDACTED] Jeffrey would like the girls apartments cleaned once a week. We have 6 girls apartments [REDACTED] [REDACTED] I think it would be best if we can try to get them all done every Wed. In order to do this, we may need to incorporate [REDACTED] to help [REDACTED] and [REDACTED]. I want to at least test this out...when we separate the days for cleaning (Example: 3 girls Monday and 3 girls =ed) we tend to always miss someones due to other circumstances and then =et behind. I realize each week is a different situation due to =effrey's schedule, but if we have all 3 of them over there I =hink more will get accomplished. Do you think this is a possible =scenario?

Or happy to listen to another idea...

[REDACTED] will be cleaning [REDACTED] and [REDACTED] apartments today as =hey were not able to get to them yesterday. [REDACTED] will be at the house =oday preparing for JE arrival tomorrow and making muffins.=?xml version=.0" encoding=TF-8"?>
