Hey =arry. this lamp was sent down to LSJ on the plane awhile back(at least =t was supposed to have gone on the plane). The last I've seen of it, it =as wrapped in a blue moving blanket at 71st. I haven't seen it on =SJ, nor has [REDACTED]. I'm wondering if you have any recollection of this? =t's a fairly decent size lamp and quite heavy. I'm worried that maybe =t got lost during one of those times that Jojo would have dropped off =ll the plane stuff at one of the FBO's before you were at the plane =ype thing. I'm just not sure where to look for it!
Jojo, do =ou by chance remember loading this lamp at all into the suburban or =aking it to the airport? Any tips would be greatly appreciated. It's =issing and pretty expensive. I've only now realized it's =issing!
Thanks..
