After talking to Larry and [REDACTED] said he remembers dropping the lamp off at the plane, and Larry remembers unloading the lamp in St.Thomas. He says it's highly possible it even went on the heli upon arrival. It was quite heavy and wrapped in a dark blue moving blanket. That was what Larry remembered about it; the moving blanket and the weight of it.

If you could do some investigating on your end, that would be great. Thank you!

This lamp was at 71st, but the last I saw of it, it was wrapped up in the basement of 71st to be taken down to the island on JE's plane, but this was several trips ago. I haven't seen it since at either location. Anyone seen it?
