Hi Art,

I showed the owner the sample of the Mannington floor I had and he likes the finish of it, but when I told him the squares were only 9" square, he said that was too small. He wants at least 12" - 16" square. Do you know if anyone makes the black and white linoleum with squares that are large in a glossy finish? I know Armstrong squares are 12", but he didn't like the finish of that flooring. Sorry to be so picky!
