Subject: follow up to our c=ll today

Hi Dr. Shuliak,

T=ank you for your interest in smartheart, the world's first, hospit=l grade 12 lead ECG device that has been cleared by the FDA for both profe=sional and patient use. Smartheart leverages the technology of any A=ple or Android smartphone or tablet. The unique belt design eliminat=s the need for stick on electrodes and special skin preparation. All=one needs to do is wet the skin in the areas the belt or the two probes co=e in contact with the skin. It takes less than 2 minutes to complete=the ECG. You may send the ECG to any physician either through the ap= or through a secure online portal.

I have included a PDF rend=ring of our brochure as well as our user manual to provide additional insi=ht. The price for the device is \$1,225.00 plus \$24.50 shipping and h=ndling. To order the device all you need to do is give me a call, I =ill take your credit card information and the device will be delivered wit=in 3-5 business days. We will then set up an approximate 40 minute t=aining session via the phone and you will be operational immediately follo=ing.

Please feel free to reach out to me via my cell phone at =ny time [REDACTED]

=u>

Thank you for your interest.

Best regards,

Bob Sass
