sorry =o bug you again about these.. I sent the majority of these to an =uction house awhile back, who valued 18 of them for =2000-3000.  
I recently found 2 others in the house which go =ith the set. JE is now telling me he wants all of them put together and =old at a decorators sale and claims he paid \$22,000 for the set. I'm =ot sure where he came up with that number, I couldn't find them in any =f the house books, and I forgot what you told me about them? In any =ase, I think it's too late to get them back from the auction house, but =anted to ask you again what you had said about them being from the =otunda or something?
