JE =sked me to buy "large remote controls that light up" for the bedroom tv =nd movie room. I asked him if he was not happy with the ipads as =emote controls which are currently set up in those 2 locations, and he =idn't answer me. I just want to confirm that there are in fact ipads =et up as the remote controls in these 2 rooms before I ask him =gain. I can't imagine finding any larger, brighter =emote control than an ipad.
