Please translate the attached document for the breast ultrasound. The other page you saw is the same just with the films on top of it.

Thank you,

Karyna.

From the translator:

"At first glance I do not see a breast ultrasound among these docs. There are two pelvic ultrasound pages, one with results, and the other with half the text cut off and two ultrasound pictures. There is a chest x-ray. There are two handwritten pages that are duplicates. Possibly the intent was to copy one half on one page and the other half on another page, but they are copies of the same image, so half the text on the left side page is missing in both copies."

Hello,

The price for the certified translation for Friday of 15(?) pages is \$700.

The translator will try and have everything done by Friday. I told her about the priorities that Karyna gave me and those (breast ultrasound, mammography, blood test) will be the first translations delivered Friday morning. The others will follow with the objective of everything by 3:30 PM.

Karyna said that I have her OK for the price.

But now that you know what it is, please send your OK.

Regards,

Lenora
