Its hard to explain but by doing=a small wood piece above window we can hide roller shade and put a long ro= across so that curtains are full.

Did you like the nightstands? W= think they will have more impact than the mirror.

Hi! I hope you are both well. Lindsey and I met with with Penn tod=y and I just wanted to let you know we discussed the following items for h=m to do this week. =br> Run cable from front hall closet to kitchen Paint small window trim in bedroom/whit= to match large window Install trim piece above window so we can put ro=ler shade and curtain rod for panels. We will have our wallpaper installer=cover in wallcovering. This will enable us to have a large curtain rod wit= full panels.
