Never...take me!

Will you be in nyc when I am there?

Umm - all that rubbing - are you sure you can take it? The thought frankly is leaving me a little breathless. There are a few spots that apparently drive a man wild - I suppose I could practise them on you and you could let me know if they work or not? + just for the record the cigar concept currently has pride of place in my bedroom!

+ Just in case you are curious, I am now in Brazil - have you been here?

Gx
