Hello Ghislaine,

Hope this email finds you well. Larry has asked that I send you some photos of the boat, COLUMBO. The owner of the boat has another boat about the same size as the attached boat. He also has a 180' Feadship that he took delivery of last year. Last week he gave us instructions to make this one go away as he does not have time for it. The boat is on the market for \$1.995 and he said to make it "go away" he would take \$1m.

The attached photos are for your review. The boat is behind the mans house here in Ft. Lauderdale. If you need additional photos, I would be happy to take specific areas for you. I will await your reply.

Kindest regards,

Craig Tafoya
