Attias met with mary today
She likes him a lot, smart of him
They talked money and mary was shy about it and they talked low six figures, I
would like to see her do better
Thx, its imp for wjc/me to get her taken care of
She did a lot in the old days...
Surely he's paying people tons so 250k shouldn't be out of the question
Hope florida is fun
I'm never coming back, unless of course were going to barneys next week
What's the new place you mentioned?
