Ghislaine,

Just following up on our meeting and the email I sent immediately afterwards. Intrigued to find out something more concrete about the project. Call/write if it is appropriate to set up a further discussion.

It was certainly interesting to meet with you this morning and getting a clear/complete picture of the project would be great. As promised others in the event space are :  
top tier full service - Jack Mortin, GP Johnson, Maritz Travel  
event only - CLT, Todd Street.

As I indicated I am around the next weeks in NYC and hope we can follow up. Certainly, a new project with visibility which has a significant focus on creating content sounds intriguing.

Talk to you soon. Have a good weekend.

Donna
