**Subject:** Air Boat Ride:

Steve Weaver is no longer at Pompano Helicopters.  
They were his contacts.  
Floyd Maxson who is a friend that flew your B407 from  
STT-PBI has contacts for a Air Boat ride that you can land a helicopter at. He  
is available Sunday or Monday.  
He flies a B407 in PBI that you may use, but you have to  
fly from the left seat if we want to use that B407.  
If you want to fly from the right seat, you can use  
Jim's helicopter at Pompano (Floyd also flies for Jim.)  
Your thoughts?

Dave has vacation on April 7-10  
Do you know of any flying during that time?  
would like to use Pete since we will be in the Boeing.  
Gulfstream will be in maintenance from April 5-15.
