Thank you very much indeed. Now this is one beautiful, you, a pool table, a Budweiser sign. A sight you don't see every day. Perfect. The other one is how I will always picture you, Robe, sunglasses, and the coffee cup in there. A sight I wish to see everyday.

The one of both of us isn't bad, but the guy sure detracts from how cute you are. He does look like he's pretty comfortable and very happy in a dopey kind of way however.

Talk to you tomorrow. Hopefully you are sleeping well, that's what I'm going to do now.
