Actually I'm only busy the AM of the 28th, and yes if I had my pick I would definitely pick for you to be with me in LA vs. London without me on the 28th, 29th, etc.

I'm planning on being in LA the afternoon of the 28th, and staying there for a while. I have some meetings there wed and thursday, I might have to be back here Friday for a meeting but right now I'm trying to move that to LA.

Love nothing more than to spend some west coast tiem with you. We could maybe drive down from LA to San Diego or up to Santa Barbara.

My schedule is that I will be going back to NY 25 or 26 in the morning and staying until 28th - What I do not know yet is whether I'll go to Europe or LA 28/29th - would me coming to LA 29th work for you if I did not go to London? (I know you are busy 28th)
