Subject: Tomorrow

If I do come and see you tomorrow I would have to leave you by 1.30 as my children finish school early and I can't find anyone else to collect them - if you are both tied(!) up with Felicity from 11 till 1 then it probably won't work unless you just want to see me for half an hour - let me know - I told Zuma that you would try and get there for as close to 8.30 as possible!
