no...it was in my head...but at one point i was going to say something like:  
"Doug's brother Greg asked embarass him tonight, so I wrote down a few anecdotes from the past 20 years." I was then going to reach in my pocket and pull out a folded up piece of paper which unfolded into about 10 sheets taped together, letting it fall to the floor...I was then going to say..."but then Greg told me that the stories shouldn't be risque" and then I would rip up the paper. Well, that night, Doug said, before the party, "you haven't really written a speech" I pulled out the folded piece of paper. He freaked out. Then about 1 hour later he comes up and says give me the speech. Your're not making that. I argued. He said you can't make it. So I gave him the speech - which he later opened and saw was blank!  
Most of it was nice stories about how great doug is and funny he was as a kid.
