Nothing happening on the rd yet. Think they are trying to get approvals =
first, and not muddy the waters. Not really doing that much more, just =
doing the whole place. They shoulda known that we'd need this extra =
step, but apparently the city lost a lawsuit and now they are paranoid. =
Next week I'm going to have to go see all the neighbors so none of them =
bitch , so I'm gonna see what they say about the rd=20
