Tom, why are his lungs collapsing? Of course I will let JE know.

It never rains but it pours.

Regarding the Mayo, actually Flavio sd he would organise but I am not sure if it
is better he does or you do. Regardless, what Flavio sd was that we should all go
beofre the Indianapolis race which is the 28/29/30 Sept. So that means Mayo
24/25/26/27 any of those dates. Let me know what you think

I wish there was something I could do for you.

Love you

Gx
