<br>  
Well I was asked what would get you going!<br>  
Lynn is trying very hard here!&nbsp; And not succeeding like you could or  
would!<br>  
23rd has an evening lecture to chair at 1830 and until I get in touch with<br>  
my office next week I don't know what time it ends.&nbsp; But if it finishes at  
a<br>  
reasonable time for me to make dinner I am free thereafter so a tentative<br>  
yes is my instant reply on Saturday morning here in the sun!<br>  
Oh please tell Tom that I have been trying to reply to his email and for<br>  
some reason his email address won't accept it.&nbsp; It says it has permanent<br>  
fatal errors.<br>  
Masses of love from Melbourne for the weekend!<br>  
A xxx<br>

dinner for a man called Peter Foy ( I can explain when you call) and he is<br>  
putting together a list of distinguished (Can't think how he thought of<br>  
you). He is optioning Jacob R you don't have a problem with that do you?<br>

<br>  
<br>
