Just an FYI - JE is not coming to the party as he is a hermit. This means that I am going to drive to Miami for the party and he will fly in to Miami to pick us up - I will need to give him a time to be in position - alternatively maybe the answer is that once at the party your boss gives you a heads up 45 mins before he wants to leave and then that gives me time to tell everyone and get the plane in position - any thoughts? + Tom is not feeling well and is back up in NY so that is him out for the night<br>

On a totally separate note - I am planning a dinner party at my house 20th - Are you around?<br>
