I know my dentist will be happy with that decision! I, on the hand, was not entirely unhappy with the idea of having to cancel him again. I shall give it some thought where else/what else - but, it seems to me that the where else is almost entirely wasted at this juncture as a little room anywhere seems to do the trick? I am, however, germinating a plan which is not NY based. Germinating being the operative word - ie, when it has taken root I shall share.

Did I tell you how amazing, wonderful, thoughtful and yummy you are today ?

later today, but we can just plan for now on me coming to you on or about
that Thursday. Unless you have a better idea of somewhere we can/should go.

I just went through my schedule properly for next week - I can't leave/am
not free until Thursday early afternoon - I forgot that I made several
other appointments for that week thinking that I would be in town. Some of

them I have rescheduled 3 times already (according to my secretary, who

thinks I now resemble one of my brother's children, and believes that I
have definitely fallen on my head - how could I possibly rescheduled all

that stuff a fourth time???. + I have a dinner Wed night I cannot/should
not cancel. So armed with this info let me know what you want to do, or
what you want me to do. </blockquote></html>
