Well I was asked what would get you going!  
Lynn is trying very hard here! And not succeeding like you could or would!  
23rd has an evening lecture to chair at 1830 and until I get in touch with  
my office next week I don't know what time it ends. But if it finishes at a  
reasonable time for me to make dinner I am free thereafter so a tentative  
yes is my instant reply on Saturday morning here in the sun!  
Oh please tell Tom that I have been trying to reply to his email and for  
some reason his email address won't accept it. It says it has permanent  
fatal errors.  
Masses of love from Melbourne for the weekend!  
A xxx

Guday - as they say where you are. Nice idea having me show up and no one  
be there for my Birthday party. Just you wait as they say.

Tom wants to know if you are free for a dinner 23 Jan. He has to have a  
dinner for a man called Peter Foy ( I can explain when you call) and he is  
putting together a list of distinguished (Can't think how he thought of  
you). He is optioning Jacob R you don't have a problem with that do you?

Ok so let me know ASAP
