This is what he was calloing about, again, not that you would mention it to him.  
The fact that he thinks we would even consider making this call scares me.

Doug:

I want to accompany Carter in his delegation visiting Cuba next month. My friend who is very involved in the trip suggested that I might want to have Clinton call Carter on my behalf to get me an invitation. As you know, I am very interested in the entire Cuba issue and feel that this is going to be a very valuable trip. Also, if all goes well, I imagine that "we" will all be doing a similiar one hopefully soon... I was hopefully planning to also sponsor a local film crew so that I could video tape the entire trip for a variety of purposes, documentary etc...

Please ask him if he would feel comfortable making this call for me.

Call me.

Thanks
