ZORRO

Water

Godec agreed to easment. King agreed to easement. [REDACTED] is on holiday- I have not update on the hangar type building required for the water equipment. + no additional quotes regarding same. Gary Kerney is liaising w/[REDACTED] and helping her organize getting 3 different quotes from 3 different co's. [REDACTED] expects to have this info for your review 1st July.

Trees

Can only get full-grown trees when the forests open next year and there is no date set for that currently. Also be advised that you are only entitled to 5 trees per family.

Hanger

You received a proposal from Seabury. JE asked Charles to review. Miller said that Berger should do the hangar as it does not require any design talent as it is a simple building. + if Sandy is given this project I had Miller agree on his behalf that Berger would assimilate \$2400 which is outstanding from the Movie house project if he can do the hangar work (\$1500 for the survey and \$900 of his expenses) Please advise.

Movie Theatre

This project has not moved forward as you need someone to design the building. Please advise how you want to proceed

Fountain & Entry Posts

Pascal was sent photos of entry area to enable him to build the gates. He sd that he should have something to show you by June 27th.

Regarding Piggy fountain Pascal sd that you put it on hold

Ponce de Leon

This painting does not fit where you want it to go. [REDACTED] advised me that she sent you an e mail w/a photo. Added to the list for you to deal with when you next go to Zorro.

Map of Zorro

I have samples of maps to show you that can be copied once you have chosen the style and form that you like.

I have Arial pictures to show you
