Subject: Not working Mon Oct 9. Woody Allen

Below from Lauren. They are not working on Monday Oct 9

[REDACTED],

Not going to lie, the cab scenes are boring and quick. Normally it's just them hopping in and leaving.

If he comes with only himself, he could probably fit in the restaurant. If he comes with multiple people he can only come for the exteriors.

Please advise=if I should try to schedule you to see a 'cab scene' downtown on Friday.

[REDACTED],

We have several moves throughout the day. We stay downtown all day, beginning at a restaurant (kind of hard to visit with a lot of people) in the morning. We will then move to an exterior shot for a cab scene and then an exterior shot for another cab scene. Do you know what time he'd try to visit at? I don't have the addresses nor times we will be shooting yet but could try to guess lunch time and when we won't be around on set.
