Subject: Sewall Point house

Jeffrey

I confirmed the house is currently For Sale:

7 Simara St, Stuart Fl 34996 (3,750 sqft).

Built in 2005, one of the newest homes built, water view front and Back of house.

Its a Wow home.

Eileen Drove by this house with the Realtor today, and wasn't able to get viewing, She will view tomorrow.

if you release us to go home, I'll go visit GIV first, then airline home to view, I'll send Dave and Bill directly home if you decide to stay.

Let me know if you decide to send us home, or stay.?

thank you,

Larry
