PRO TIPS  
=/tr>

Step 1 Sign in to dropbox.com, and click the Share button next to the file or folder you want to share

Step 2

Click Only people with the password. Note: Toggling between the options for 'Who can view this?' removes existing passwords.

Step 3

Set a password and click Save settings.

Note: If you'd like the link to expire, select Yes and enter the expiration date.

Once saved, you can copy and paste the link into an email or send it directly through Dropbox.
