**Subject:** Computers - UVI and Zero Tolerance

I spoke with the Dept of Ed and told them that we are unwilling to give the 100 computers to their seniors heading to college without public acknowledgement.

UVI has requested, in writing to Southern Trust, funding for 34 computers for students in their "University Bound Program". This program extends services to students in high schools (public, private and parochial) in both districts from families meeting low-income criteria, first generation college students and/or students who have an academic need. All the students are seniors. There are 4 in the St. Thomas/St. John District and ten in the St. Croix District.

Zero Tolerance has made a request for funds to attend a Youth Basketball of America tournament in Florida in July. The total budget is \$17K. I would like to instead talk to Mr. Todman (Director) about supplying his boys these computers. If we donate 34 to the UVI University Bound Program we would have 66 left. Thoughts?
