I will coordinate with Daphne on where Jim should stay. Jee is planning to be on island. Jim will not receive pay. Just travel and food expenses.

Jim will also give us written report.

Michael

please coordinate with daphne on travel plans and where Jim will stay
will jee be in residence for any of those days?
will jim be paid for his visit or is it just an evaluation to see if we can work together?
if paid will we receive a written report of his findings?
please advise
thank you
