Subject: KARYNA

I left a d=tailed message for Ms. Richardson on her VM re Karyna. I told her th=t Karyna had not heard anything (Is that the case?) and that I would like =o know if her file is considered complete and ready to go. We did no= want to wait until right before the 10/30 board meeting to find out that =omething else is needed. I will give her a few hours to return my ca=l and I will call again.

With warm regards,
