do=e. Rich, as mentioned several times - if the boat was sent with engines we would already have the testing

Otherwise we must use engines from other project, not waiting to spend over USD 60 k for new Yamaha engines.

Adam we have been very patient. First we received a boat that the surveyors said was below par and not safe. Then we sent the boat back to Poland only to be told that you have no engines to test the boat. Now you write that you have found one engine only and we almost 9 months after completion, have no boat from you.
