I've been thinking of you and your quest for an experience that c=n lead to a mechanism. Qigong isn't surprising, given Shin Lin's f=ustrations with his research in that area. What other things have you trie= to find it with? Any similar projects? I assume probably the equally unim=ressive parapsychology world, at a minimum. Also, who were the 40 or so pe=ple you've tried so far? Ballpark is fine more than a list, though if =ou have kept a list that is okay to. I'm just trying to get a sense of=the dry holes dotting your landscape so far.

Much=Love,  
Jeffery
