A deal has been proposed between my company and a Sau=i guy named HRH Prince Hussam bin Saud

Apparently the aforementioned guy says he can help with a deal=that is complicated, but involved buying patents for them and other things=(apparently Saudi Aramco pays a lot of patent licenses to US oil companies=and would like some help...).

HRH wants 35% which = am told is customary and all above board.

Since y=u have a friend there I was wondering.
