Hi= here is the link to the dimmer. It is the same dimmer that we installed in the front office and in a few other locations. The keypads that=are specified with the plastic plates will be identical to the keypad in th= Dressing Room.

Please note that I would like to send a little time with Mr. Epstein going over the engravings. I would=like to bring the engravings with me so that we can install, program, and engrave at the same time.

Hello Rich,

I was hoping to complete this sooner. I've been a little busy since I returned. I contacted Lutron regarding the existing system and have discovered that the current equipment is so old that they do not make anything that is compatible. As

such I am strongly recommending a full replacement. I will be cat=hing up on work tomorrow should you wish to speak with me about anything.&n=sp; Thank you so much for the opportunity.

Regards,

Al
