Jeffrey

Larry Morrison informs the earliest our Palm Beach maintenance team (American Airline mechanics) could start on Boeing A check is Feb 15 and 16th., and complete the work Feb 22nd and 23rd.

Total of 4 working days to complete inspection, these Mechanics work full time for American airlines and assist with Boeing maintenance.,

Are these dates still approved?

hx

Larry

-----

Larry,

The earliest Joe can start the A Check on Atlantic's ramp on 2/15 <x-apple-data-detectors://0> and 2/16 <x-apple-data-detectors://1> . Hangar and ramp are unavailable that weekend (President's Day) at Jet Aviation. The airplane will then be put in Jet Aviation hangar the following weekend to complete the external items of the Check.

Larry M.
