Jeffrey i m very grateful and appreciate=you that you ve spent time and power to discuss and advice me about all da=gerous things. I tried to follow them and always remember. But it was my i=excusable mistake not to tell you intime about [REDACTED] that I've chose= I was very careful in it. but I totally understand my guilty before You. = repent to You.

I respect that you give me freedom and t=ust me. But I can't trust the boys. I made a decision to stop any rela=ionship. I didn't k=ow anything about bacteria that I can also get. I aware all the risks. It =l be only one right decision to do in this case. I don't want to distu=b you, make you sad and disappointed.

I m sorry and repent to you
