Jeffrey

Here is what I received from Ru=ty ref installing New Veneer at Gulsream:

L=rry

So f=r I've been able to confirm the following:

There is enough veneer at=the vendor available to do the entire areas you requested

I will hav= an answer from operations tomorrow regarding manpower availability.

January 5 <x-apple-data-detectors://1> original departure date to complete <=r>I've submitted an RFQ so we can get it on paper and should have that for y=u tomorrow.

We need to nail this down by Friday so we can get the wo=d on order to support your input date of 10/23/17. Things seem to be coming together, I'll let you know tomorrow after lunch w=en I hear back from operations.

Rusty
