Subject: Heli update

Jeffrey

I was able to get two test flights on Heli today which included Blade tracki=g,.

Ride was satisfactory, but I know we can get smoother ride.

I was able to get Bell to work the Heli Tomorrow for us, typically they are c=osed Saturday and Sunday, We plan to test fly again tomorrow to dial in the=Ride. I'm confident we should be completed by 5pm tomorrow. I'll need to fly the helicopter at least 5 hours before I fly the Heli back t= LSJ. Bell requires 5 hours of flight, then we reTorque the main rotor hub, that a=taches the main rotor hub to the Transmission.

Thx,
Larry
