I will bring you my new book galleys when I =ee you . We have metabolized wisps of memory and threads of desire to each=create our universe .

I hope I'm not giving the impression I'm ant= science .

Human consciousness uses science as a door t= reality and has now brought us to the door of the sub empirical. Now it c=n take us no further . 99.9 % of reality is un manifest. The human univers= is what consciousness looks like to itself ! The dream has been evolving for 14 billion y=ars and continues to do so .
