Sneaky,

Thank you for my doctors! And thank you for all you ar= doing for me for years! Yes I told you and will be telling it over and ov=r because I am grateful for you every day I wake up and start my day. Some=imes I revisit my memories back to 6,5 years ago when I just met you and I= hard to believe who I was and who I am now :)You have changed my life and=the way I see things to 360 degrees (in a good way of course) But it coul=n't be possible without you ☺ I can't believe how narro= minded I used to be and all I dreamed for my career was to be a model ...=Your intellectuality, success and smart people you surrounded were a signi=icant influences on me that helped and continue to help me to strive up, d=eam bigger and do greater things. And having someone like you who believes=in you, supports and constantly helps to evolve and develop personally and=professionally is an invaluable life reward that anyone can possibly dream=of. So I am very lucky to have you in my life!♥ Ok that is=it for today, this is just my morning thoughts that I wanted to share with=you. I know it sounds out of the blue but I think sometimes It's bette= tell people things that must be said randomly then tell it too late or ne=er :)Have wonderful day! Love you always and forever! ☺
