Hello Deepak,

I met you briefly at the El Cerrito HOME event. In case you didn=t receive my videos (Math Savant) since you were in 'silence'. You mention=d neuroscientists could be interested.

In the videos below, you will see him do ratios of 48's up to 10,000, =oth plus and minus for any number. Basically, he is able to tell you the d=fference between his father's age (53 at the time) and his age (5 at the t=me) at any number range, mostly below 10,000. It was discovered last September 2016. He father lives in En=land so they do this through Skype. He can branch off to other people's ag= if he knows them, etc.

Thanks for your attention - Carolyn
