Daphne and I spoke with Reefco last week Thursday

David believes that =sing a bleach wash to eliminate and remove existing mold will be more =ffective than an ozone blow out He plans to do =his work on his next monthly maintenance which will be on June =rd

In =ddition he recommends installing 2 infrared lights inside of the ducts =o kill any new spores David mentioned that this =ould be rather inexpensive (600 or less per light) and i told him to =roceed ordering the parts

I called today to find out status but =m hopeful the lights will be in for service next week

Thank you
