**Subject:** Message from card on cake

Wanted you to have the lovely message as the card may go missing:

"Often in life, you do not realise you are missing someone until you find them.  
When you find this person they bring deep feelings of positivity and happiness.  
These people are such a source of encouragement, you wonder how you got by without them!  
I wish you the happiest of birthdays. I hope for many more years of friendship to come"
