Greetings Sir,

Anna and I just spoke with John. He will schedule himself and his assistant Kenny to come over on Tuesday morning to meet with Anna, Danny, Karl and Tap to lay out the =lumbing, electrical, and mechanical, including the wash basin needs of the=New Maintenance and Workshop buildings. They will also review the ne=ds of the Garage Roof building. Per John, that project layout should=be more simple and straight forward. We have made it clear to John t=at the Maintenance/Workshop building is your priority, and will pres= him to produce the full plans for your review asap so the project can mov=.

Respectfully, Daphne
