Hey Bossman,=

They're building it just like the road goin= up to the main compound. Blocks on the inside and stones on the outside.&n=sp;

We must have a foundation for the wall or else=it won't stand. They have to dig the trench then add rebar before they=pour the cement for the footer, then they have to add blocks on top of the f=oter for structural support before they start the stone work.

16 Pallets of blocks are \$2,576.00  
6 Pallets of C=ment (Bags) \$2,560.00  
1 Bundle of Rebar \$898.50  
6 Loads=of Sand for the Beach \$2,600.00  
4-5 Trucks of Cement \$10,50=.00

Total amount for supplies needed (Wall, Beach &=mp; Landscapers): \$18,236.00

Please advise,  
<=iv>Ann R.
