G650 is a stand alone aircraft, G500/600 realistically are replacement for =450 and G550.

I think with your BBJ project, you're not going to see the Numbers you have= in mind because most people look at the choice out there and take the floo= plan that suits them and refurbish and fly.

some of the other bbs are now saying cash around 24=. buys it. strange. bbj2 needs new interior bedroo= etc. i think 15 m for 006 is the best you can do. =10 for new interior. that is decent. if you could get 20m chop=ed your owner should do it in a heartbeat. There are many 650s on the =arket, some ER's. I guess the next gen 500 and 600 is weighing=on the prices
