Hi Richard, Question? This gentleman is very accomplished, He has done

work for Ron Perlman.. The Soros family, and is the mix for a high

level House Manager role for one of the Microsoft executives, His

current base is 220k, Bonus and bunch of other great perks, The

company due to a celebrated divorce are selling off all the

properties, so the handwriting is on the wall that he should start

looking, I have been working on it for you (but not advertising as

discussed), Would you think Jeffery would consider someone like this

being he is very accomplished? He sounds like a candidate and has

passed the strictest background checks,
